

Our Omnibus Budget.

It is beauty's privilege to kill time, and time's privilege to kill beauty. Every Cook should circulate the world of kitchen literature. Over-warm friendships, like hot potatoes, are quickly dropped. A verb is a word signifying to be, to do, or to suffer; woman's life is a verb. It is impossible to look at the sleepers in a church without being reminded that Sunday is a day of rest. The fixed purpose ways and bends all circumstances to its uses, as the wind bends the reeds and rushes beneath it. When Heaven sends storms upon men, they must imitate the humble grass which waves itself by lying meekly down. It is difficult to keep one's temper in a hot day, but getting under a shady tree is the best way of taking umbrage. Dan Rice "got off a good one" at Chicago. He gave an exhibition for the benefit of Douglas Monument Fund, which netted over \$500. Colonel Lewis D. Campbell, of the Sixty-ninth Ohio, has succeeded Colonel Stanley Matthews as Provost Marshal of Nashville. The Columbus Journal says a woman living three miles east of that city, a few days since produced three healthy boys at a birth. Don't wait for your fever to cool before you act. The workmen at a foundry might as well wait for the molten iron to cool before pouring it into the mould. Children are generally very noisy, but we must except the children of the brain, which do not often make so much noise in the world as their fond parents desire. The passing years drink a portion of the light from our eyes, and leave their traces on our cheeks, as birds that drink at lakes leave their footprints on the margin. There is a deed on file, in Cambridge, Mass., which describes a piece of land as bounded by stumps and stones, where Daniel Harrington licked William Smith. Bad money cannot circulate through the veins and arteries of trade. It is a great pity that bad blood can circulate through the veins and arteries of the human frame. Foreign-born residents will be interested in an act which has just been passed by Congress bestowing full citizenship after one year's residence, on condition honorable service in the army. It is understood that the tax collectors will mostly be appointed this week. The President appoints, but the recommendations pass through the hands of the Secretary of the Treasury. There is no truth in the statement made by certain papers that drafting in Ohio has been decided upon. The Governor has confidence in the people, and relies upon their patriotism to respond to his call. That nation can be free that is bought with its own consent and sold against its will; where the rogue in rage is kept in countenance by the rogues in ruffles; and where, from high to low, there is nothing radical but corruption, and nothing is held contemptible but poverty. In Utah, the Indians are growing still more troublesome, stealing the cattle, killing emigrants, and breaking up the Overland Telegraph and Mail establishment. A war with some of these tribes appears to be probable. There are but 500 troops to protect all this vast line of wilderness. It is not to be wondered at that authors are sometimes a little irritable. It is not surprising that, in their exasperation at the critics, they are sometimes tempted to take a hint from the poet in the Spanish fable, whose manuscripts were devoured by mice till at length he put some corrosive sublimate into his ink and was never troubled again. Gen. Isaiah Seymour, memorable for sharing with General Anderson in the defence of Fort Sumter, has been promoted, by Gen. McClellan, to the command of the division of the captured Gen. MeCall. No appointment could be more judicious or more richly merited. It could only be improved by the President giving the rank of Major-General along with it. RICH MONROE WOMAN.—A Mormon woman passed through St. Joseph on Tuesday en route for Salt Lake, having with her in a small iron chest ninety-seven thousand dollars in gold! The express company transported it for her.—St. Louis News. Brigham Young will want her for his 999th wife as soon as she arrives at Salt Lake City. Oh, My!—A young lady named McCowan attended a dance at Cohoes on Monday evening. After participating in a cotillion, she sat on the window sill "to get a breath of air." In this position she lost her balance, but as she was disappearing, a young man named Johnson rushed to her rescue and seized her by the feet. He held her in this unpleasant position until help arrived, and saved her from a sudden death. Miss McCowan felt her modesty so much shocked by the way she was rescued, that she left Cohoes next morning, and has not been seen since.—

The Farm and Garden.

To Grow Good Cabbages.—You cannot raise perfect cabbages on the same ground two or more successive seasons. If you try it, the heads will grow all sorts of ways—some long-legged and some short-legged, some stump-footed and some no footed at all, and all of them *lousy*, and so on through all the catalogue of cabbage infirmities and dispositions. Make your cabbage garden where you have plowed in turf, and had it thoroughly rotted. Some people sprinkle on a little salt. Cabbages, it is well known, are tender, succulent plants, and therefore seem to be a prey to a great number of different enemies. The cut-worm, the army worm, the aphid, and a lot more of insect marauders and always in search after them, and will generally multiply more or less in spite of you, and leave their eggs or their chrysalis on the ground, ready to pounce upon the young plants of the next crops of the failure of successive crops. These facts make it advisable to move your cabbage patch every spring. HAY AND CORN SHERKING BY DRYING.—The loss upon hay weighed July 20, when cured enough to put in barn, and again February 20, has been ascertained to be 27 per cent. So that hay at \$15 a ton in the field is equal to \$20 and upward when weighed from the mow in winter. The weight of cobs in a bushel of corn in November ascertained to be 19 pounds, was only 7 in May, the cost of grinding a bushel of dry cobs, is about one cent a pound. Is the meal worth the money? PLASTER FOR POTATOES.—Plaster of gypsum is highly recommended as profitable dressing for potatoes, the effect is quite beneficial, and as the cost is slight, it is always worth while to sow a bushel or so per acre at the time of planting or after the potatoes are up. In some experiments, the effect of plaster has proved quite beneficial, especially in arresting the ravages of disease. THE OHIO STATE BOARD OF AGRICULTURE offers a premium of \$1,000 to the first person who shall have planted, within the State of Ohio, no less than five acres of sugar beets and manufactured therefrom no less than 5,000 pounds of good brown sugar, and a specimen of white sugar of not less than 20 pounds in a single uncompromised block. Sabbath Miscellany. Threescore Years and Ten. Dr. Charles Elliott, editor of the Central Christian Advocate, St. Louis, thus writes: On this day—May 16, 1862—we completed, through God's forbearance and mercy, the seventieth year of our natural life. We first breathed the breath of life in the country of Donegal, parish of Killy Beggs, Ireland, May 18, 1792. Up till the 24th year of our life, we spent our time in our native land, mostly at our books, and arrived in this country in September, 1819. In August, 1818, we entered the itinerant connection, in the Ohio Conference. Should we live to next August, we shall have been forty-four years in the itinerant service, without being superannuated or supernumerary, or without absence from our charge for a month at a time. On glancing at the past, we have had double appointments for six years. During three years of our collegiate life, we had pastoral charges, and for three years of our editorial services, we had pastoral charge. We are now in the 21st year of editorial service. For four years we traveled large circuits. If we add to six years, of extra appointments to the 43 years, we have just 50 years in number to count. Many have done much more in a few years than we have done in filling fifty years' allotted service. Yet our brethren have borne with us, for which we feel grateful although most of our age have passed away, and we are left among the third generation. We have tasked ourself, for the most part, six hours a day in extra writing, in preparing either for the press, or for self-instruction. We record ourself now before God an unprofitable servant, and what we are of any thing good, or of use to our fellow-men, it must all go to the praise of God's glorious grace, and not to Charles Elliott, the chief of sinners, saved by grace. "Glory be to the Father, and to the Son, and to the Holy Ghost, as it was in the beginning, is now, and ever shall be, world without end, Amen." God's CARE.—"I was once called," says Mr. Jay, "to attend the dying bed of a young female. In answer to my inquiries, she replied, 'I have little to relate as to my experience. I have been much tempted; but this is my sheet anchor. He hath said, 'Him that cometh unto me I will in no wise cast out.' I know I come to Him, and I expect He will be as good as His word. Poor and unworthy as I am, He will not trifle with me nor deceive me. It would be beneath His greatness as well as goodness."
